Design YouTube

Let's take you on a trip to design Twitter. We begin by the question to be asked in the interview and the interview attributes. Then we discuss the design of the system, and finally we talk about the details of the system.

Similar to the design of other system, before we start, we need to ask the question to clarify the scope. We need to ask a lot of questions and make sure we understand the system we are designing. Here are some questions we need to ask:

- Is it a mobile application or a web application?
- Is it a video sharing site, or a video
- Is it a video streaming site, or a video
- Is it a video sharing site, or a video
